NO PLATFORM WAS MADE

HOUSE DEMOCRATS RESOLVED NOT TO USURP PARTY'S RIGHTS.

Caucus Held Last Night, but No Promulgation of Principles, as Some Members Expected.

WASHINGTON, Jan. 24.—The Democratic members of the House of Representatives met in caucus in the hall of the House at 8 o'clock this evening, and after a short but spirited contest adopted a resolution declaring that they were without power of the party platform, heretofore regularly made at a national convention. The contest occurred over a subresolution proposed by Representative Henry, of Texas, more specifically declaring it to be the duty of every Democratic representative to adhere Federation of Labor are: John Mitchell, to the national Democratic platform until another Democratic convention adopts a

new platform. The caucus was the outgrowth of animated discussion among Democratic memgress began, the chief issue being as to the extent to which the Kansas City platperseded by a new declaration of policy. The plan of an entirely new declaration took form early in the session in resolutions by Representative McClelland, of New York, setting forth numerous planks, but omitting the financial declarations of the Kansas City platform.

Mr. Fitzgerald, of New York, also proposed a resolution declaring against any interference with the existing standard of about even chances. The balloting revalues. On the other hand, Representative Ball, of Texas, proposed a specific reaffirmation of the Kansas City platform. These and several other resolutions of polwas to receive the report of this commit-

tee that the caucus of to-night was held. Mr. Richardson presented the majority report, concurred in by all of the members of the special committee except Mr. Henry. It recited the work of the committee, and closed with the following recommendations: thority to construct or promulgate a platform of principles for our party; that we cannot increase or minimize the binding effect of platforms of the party heretofore regularly made and adopted by the people in convention assembled for that purpose. "That in the House of which we are members we should vigorously and aggressively battle for Democratic principles, and with equal vigor and aggressiveness we should oppose everything contrary, in substance or method, to those principles, and should meet each question as it arises with a full conference and a solld and undivided

Several short speeches were made. Mr. Richardson spoke on the desirability of getting together and of harmonizing differences. Before adjourning the caucus also adopted the following:

"Resolved, That the Territories of Arizona, Oklahoma and New Mexico are entitled to statehood, and should be admitted to the Union on equal footing with the rest of the States, and we pledge the support of the Democrats in the House of Representatives to such a bill."

He was again checked by the chair and sat down. Dolan tried to reply, but was forced to confine himself to the question. He again urged the miners to not place themselves on record as being opposed to the appropriation and talked in behalf of his amendment to increase the appropriation to \$1,000. A resolution levying an assessment on all members to terminate as quickly as possible the strike in Hopkins county, Kentucky, was referred to the executive board. There were many other resolutions of technical nature pertaining to mining and adjustments of conditions in various districts, which were debated and settled. The committee on officers' reports followed the resolutions committee. The report began by paying a high tribute to terrupted with a little story of the work President Mitchell and giving him the of the commission, credit for the rapid increase in membership of the organization in the last year. The anthracite district was against the recommendations, as a desire was expressed to let the anthracite miners settle those matters in their district conventions. The matter was laid over till Monday.

The recommendation that a measure should be adopted favoring the re-enact- petition, that commercial war between is due to the Democratic party in this ment of the Chinese exclusion act was disposed of by being referred to a committee with instructions to prepare a special resolution on the subject. There were other matters of minor importance when the recommendation of President Mitchell that an appropriation be made for the Mc-Kinley memorial fund, and that took up the remainder of the afternoon.

OFFICERS AND COMMITTEES.

No Vote Against Mitchell and Wilson and Only One Against Lewis.

The United Mine Workers yesterday reelected President John Mitchell, Vice President Lewis and Secretary-treasurer Wilson, the secretary casting the ballot for the convention. There was no voice of opposition to the re-election of the officers except to that of Lewis. A protest came from local No. 319, of Ohio, but was of such a nature that the convention did not wish it read and was considered an attack from a delegate having a personal grievance against Vice President Lewis. Proclamation Against the Merger. OLYMPIA, Wash., Jan. 24.-Governor Mc-Bride to-day issued a proclamation opposing the railroad merger under the name of the Northern Securities Company. Governor McBride declares the community of interest in the operation of railroads is dangerous because of the insecurity of the individuals making it up. Such community of interest, he says, stifles competition, which is the only protection in this State against railroads. The Governor declares that the people should prepare to enforce their rights. The State, he says, should appoint a railroad committee for the pro-

Lady Cook's Latest Crusade.

LONDON, Jan. 24.-Lady Cook, who was Tennessee Claffin, has announced her determination of devoting the bulk of her fortune to the establishment of schools and other institutions, with the object of resuming the battle against social evils which she formerly waged in the United
